

SINGLE SHEET FOLDING FOLDING MACHINES

P330, PF215 and DF915

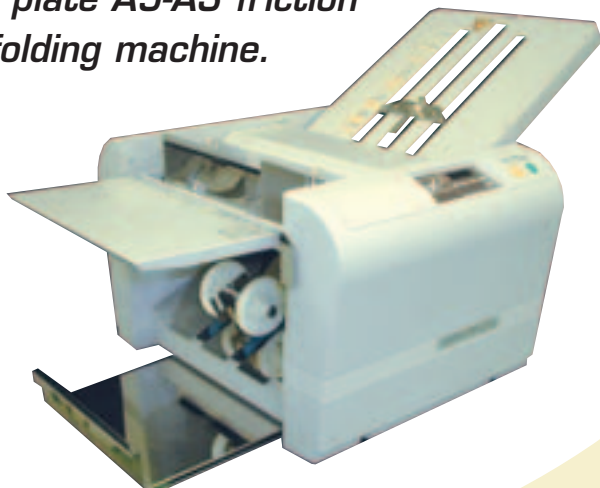

HORIZON P330

The Horizon P330 paper folder combines the simplicity of push-button automatic set-up with reliable mark-free suction feed in a table-top unit that is supplied on a mobile cabinet which houses the pump. It's ease of use and quiet operation make it a must for any print environment.

SUPERFAX PF215

The budget priced Superfax PF215 bench-top folder is a two plate A5-A3 friction feed folding machine.

DUPLO DF-915

The Duplo DF-915 is a fully self-setting, automatic two plate friction feed folding machine

SINGLE SHEET FOLDING FOLDING MACHINES

P330, PF215 and DF915

The Horizon P330 Paper Folder's ease of use and quiet operation make it a must for any office or print environment that is folding a variety of stocks that are printed both by traditional offset and digital printers.

The budget priced Superfax PF215 can perform all standard folds using 2 plates. Set-up couldn't be simpler; all standard folds are pre-marked on the fold plates for quick set-up. Also sheets do not have to be shingled when loading.

The Duplo DF-915 is easy to use, the operator simply loads up to 400 sheets of A5, A4 or A3 paper into the feed tray (no need to shingle the paper), select the fold style from the six standard fold types and press start.

P330 STANDARD FEATURES

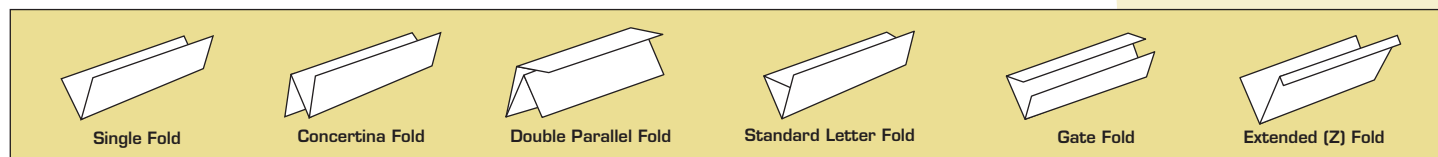

- Up to 12000 sheets per hour can be folded, including coated and glossy stock
- Suction feed system with high capacity pile feeder
- Simple to operate
- One of the quietest suction folders on the market
- Feeder hold 550 sheets (64 gsm)

PF215 STANDARD FEATURES

- Up to 8000 sheets per hour can be folded
- Friction feed system
- Simple to operate
- Jam detection sensors
- Feeder hold 500 sheets (64 gsm)
- Total counter as standard

DF-915 STANDARD FEATURES

- Up to 13800 sheets per hour can be folded
- Irregular sheet sizes can be folded
- Simple to operate
- Two position memory
- Card folding mode
- Cross fold facility

FOLDING MACHINES

Specification	P330	PF215	DF-915
Feeder	Suction	Friction	Friction
Max Paper Thickness	157gsm (heavier if pre-creased)	140 gsm (210gsm single fold)	160 gsm
Production Speed	12000 sheets/hour	7000 sheets/hour	13800 sheets/hour
Machine Set-up	Automatic	Manual	Automatic
Max Paper Size (mm)	310 x 432	297 x 420	297 x 432
Min Paper Size (mm)	125 x 130	91 x 128	128 x 182
Counter	4 digit addition plus batch counter	4 digit addition/subtraction counter	4 digit addition counter
Paper Loading Capacity	550 sheets (64gsm)	500 sheets (64gsm)	400 sheets (80gsm)
Dimensions in Use	1060 x 553 x 1294	820 x 530 x 540	1086 x 524 x 497
Weight	52Kgs (not including table)	26.5 Kgs	43 Kgs
Power Supply	230V 50Hz	230V 50Hz	220-240V 50Hz
